

# 2<sup>nd</sup> BIENNIAL ESSKA-ESA MEETING

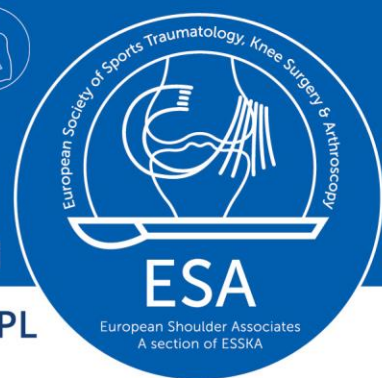

5-7 October 2017

Krakow | Bielsko-Biala, Poland

WWW.ESA2017.PL

Szpital  
św. Łukasza

## DAY 1 [05.10.2017]

<b>[13:00-13:30] OPENING OF THE MEETING</b>		<b>Roman Brzóška</b>
<b>[ 13:30-14:30] ANTERIOR SHOULDER INSTABILITY: ANATOMY AND ETHIOLOGY</b>		
13:30	The anatomy in shoulder instability	Angel Calvo
13:40	Predictor factors in anterior shoulder instability	Boris Poberaj
13:50	Historical outline of anterior shoulder instability treatment	Radovan Mihelic
14:00	Histology and basic sciences for anterior instability treatment	Christiaan van Bergen
14:10	Benign hypermobility joint syndrome, BHJS	Adrian Błasiak
14:20	<i>Discussion</i>	
<b>[14:30-15:20] DIAGNOSIS OF ANTERIOR INSTABILITY - FROM ANAMNESIS TO IMAGING</b>		
14:30	What we can achieve from anamnesis	Paweł Surdziel
14:40	Anterior instability and sport activities. Prognostic factors for recurrence	Miguel Ruiz-Iban
14:50	MR Imaging - up to date	Katarzyna Kapuścińska
15:00	New directions in grafting technologies - up to date	Antongiulio Marmotti
15:10	<i>Discussion</i>	
<b>[15:20-16:25] CONSERVATIVE TREATMENT IN ANTERIOR INSTABILITY (INDICATIONS AND TECHNIQUES)</b>		
15:20	Scapulothoracic dyskinesia - what is changing in the biomechanics?	Maarten van der List
15:35	First anterior dislocation - when conservative treatment?	Robert Pełka
15:45	Treatment algorithm in TRAUMA CENTERS	Tomasz Pardała, Roman Brzóška
16:05	Is it a place for the conservative treatment in recurrent anterior instability?	Patryk Kłaptocz
16:15	<i>Discussion</i>	
16:25	Coffee Break	
<b>[16:55-19:10] SOFT TISSUE PROCEDURES</b>		
16:55	Soft tissue procedures - indications	Ladislav Kovacic
17:05	My algorithm - from imaging to decision making	Geoffroy Nourissat
17:15	Open Bankart procedure - is it still a place for it?	Enrico Gervasi
17:30	Arthroscopic Bankart repair - how it looks today?	Nuno Gomes
17:40	Arthroscopic Bankart repair - what do we know about anterior complex	Sanjay Desai
17:50	BLS - alternative way to anterior instability treatment	Roman Brzóška
18:00	Transsubpectoral tenodesis and labroplasty by LHB graft	Oleg Milenin

# 2<sup>nd</sup> BIENNIAL ESSKA-ESA MEETING

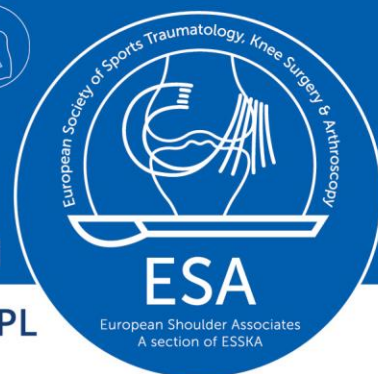

5-7 October 2017

Krakow | Bielsko-Biala, Poland

WWW.ESA2017.PL

Szpital  
św. Łukasza

18:10	New directions in grafting technologies - up to date	Laura de Girolamo
18:20	Revisions after soft tissue procedures	Przemysław Lubiowski
<b>18:30</b>	<b>LIVE SURGERY I [Bankart repair]</b>	<b>Pietro Randelli, Antoon Van Raebroeckx</b>
19:00	<i>Discussion</i>	

## DAY 2 [06.10.2017]

[8:30-10:25] BONY PROCEDURES IN THE GLENOID FRACTURES		
8:30	Algorithm in fresh glenoid fractures - from imaging to decision making	Antoon Van Raebroeckx
8:40	Glenoid fractures - open techniques	Pascal Gleyze
8:50	Glenoid fractures - Arthroscopic techniques	Adrian Błasiak
9:00	Algorithm in inveterate glenoid fractures	Pietro Randelli
9:10	Glenoid and concomitant humeral head fractures	Bartłomiej Kordasiewicz
9:20	Shoulder joint instability's impact on articular cartilage's injury	Ruslan Sergienko
<b>9:30</b>	<b>LIVE SURGERY II [Bankart + remplissage]</b>	<b>Bruno Toussaint</b>
10:15	<i>Discussion</i>	
10:25	Coffee Break	
[10:45-12:30] BONY PROCEDURES: BONE BLOCK		
10:45	Chronique posterior instability - how, how long, what it means a "successful treatment"	Antonio Cartucho
10:55	Arthroscopic Bone Block procedure	Ettore Taverna
11:05	Bone Block - with or without capsule reconstruction	Tom Ludvigsen
11:15	Revisions after failed BB procedures, clinical outcome, complications	Ettore Taverna
11:25	J graft procedure	Philipp Moroder
<b>11:35</b>	<b>LIVE SURGERY V [Bone block]</b>	<b>Ettore Taverna</b>
12:20	<i>Discussion</i>	
12:30	Lunch Break	
[14:00-15:35] LATARJET PROCEDURE FOR ANTERIOR INSTABILITY TREATMENT		
14:00	Open Latarjet procedure	Enrico Gervasi
14:10	Clinical outcome, complications, revisions	Geoffroy Nourissat
14:20	Arthroscopic Latarjet	Laurent Lafosse
14:30	Clinical outcome, complications, revisions	Pierre Metais

# 2<sup>nd</sup> BIENNIAL ESSKA-ESA MEETING

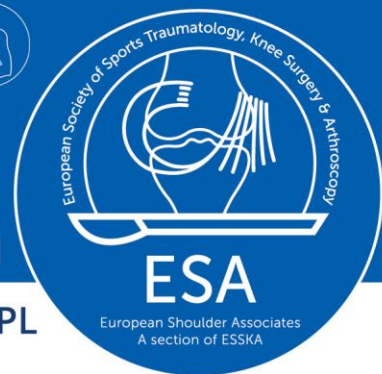

5-7 October 2017

Krakow | Bielsko-Biala, Poland

WWW.ESA2017.PL

Szpital  
św. Łukasza

14:40	LIVE SURGERY III [Arthro/Latarjet]	Laurent Lafosse, Viktoras Jermolajevs
15:25	<i>Discussion</i>	
<b>[15:35-17:10] SURGICAL TREATMENT OF ANTERIOR INSTABILITY - HILL SACHS FRACTURE</b>		
15:35	Bony defects: glenoid and humeral side - on track/off track concept	Giuseppe Milano
15:45	Remplissage - indications and surgical technique	Bruno Toussaint
15:55	Outcome of segmental reconstruction of large HS lesion	
16:05	Partial arthroplasty vs bone grafting in large HS lesion	Reuben Gobezie
16:15	LIVE SURGERY VI [Hill Sachs prosthesis]	Reuben Gobezie
17:00	<i>Discussion</i>	
17:10	Coffee Break	
17:25	LIVE SURGERY IV [BLS]	Roman Brzóška
18:10	<i>Discussion - take home messages</i>	

## DAY 3 [07.10.2017]

<b>[8:30-9:00] POSTERIOR INSTABILITY</b>		
8:30	Influencing factors posterior instability	Robert Peřka
8:40	History of posterior instability treatment	Etienne Lejeune
8:50	<i>Discussion</i>	
<b>[9:00-9:30] POSTERIOR INSTABILITY - DIAGNOSTIC PROCESS</b>		
9:00	Traumatic vs voluntary posterior instability - diagnostic process	Boris Poberaj
9:10	Posterior instability and sport activities	Ladislav Kovacic
9:20	<i>Discussion</i>	
<b>[9:30-10:10] POSTERIOR INSTABILITY - WHEN WE CAN TREAT IT CONSERVATIVELY</b>		
9:30	Scapulothoracic dyskinesia in the posterior instability - what is changing in the biomechanics	Maarten van der List
9:40	First posterior dislocation - when conservative treatment	Pierre Metais
9:50	Open Bone Block procedure - my algorithm	Mustafa Karahan
10:00	<i>Discussion</i>	
10:10	Coffee Break	
<b>[10:40-11:40] POSTERIOR INSTABILITY - SOFT TISSUE PROCEDURES</b>		
10:40	Indications for the soft tissue procedures. My algorithm - from the	Geoffroy Nourissat

# 2<sup>nd</sup> BIENNIAL ESSKA-ESA MEETING

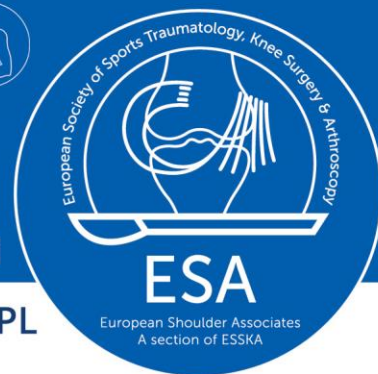

5-7 October 2017

Krakow | Bielsko-Biala, Poland

[WWW.ESA2017.PL](http://WWW.ESA2017.PL)

Szpital  
św. Łukasza

	clinical exam, through imaging to decision making	
10:50	Open posterior Bankart - does it still exist? Posterior labrum repair - up to date	Nuno Gomes
11:00	Arthroscopic treatment of posterior instability - clinical outcome, complications, revisions	Angel Calvo
11:10	RHAGL lesion - open or arthroscopic?	Reuben Gobezie
11:20	Revisions after failed posterior instability - case presentation	Adrian Błasiak
11:30	<b>Discussion</b>	
<b>[11:40-12:20] POSTERIOR INSTABILITY - BONY PROCEDURES</b>		
11:40	Posterior BB - when to make the decision?	Ettore Taverna
11:50	Posterior BB open vs arthroscopic	Bartłomiej Kordasiewicz
12:00	Glenoid osteotomy - when and how? Clinical outcome, complications, revisions after failed posterior bony procedures	Philipp Moroder
12:10	<b>Discussion</b>	
<b>[12:20-13:35] MULTIDIRECTIONAL INSTABILITY: ANATOMY AND ETHIOLOGY</b>		
12:20	Anatomy in MDI	Giuseppe Milano
12:30	Hyperlaxity and MDI	Radovan Mihelic
12:40	Indication for the conservative treatment	Sanjay Desai
12:50	Indication for the operative treatment	Przemysław Lubiowski
13:00	Surgical treatment in MDI - techniques review	Wojciech Solecki
13:10	<b>Cases discussions</b>	<b>ALL</b>
13:20	<b>Closing discussion</b>	
13:20	Lunch
