

2nd BIENNIAL ESSKA-ESA MEETING

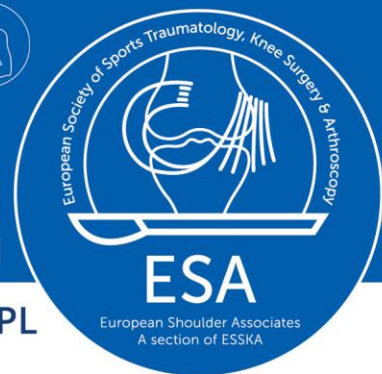

5-7 October 2017

Krakow | Bielsko-Biala, Poland

WWW.ESA2017.PL

Szpital
św. Łukasza

DAY 1 [05.10.2017]

[13:00-13:30] OPENING OF THE MEETING		Roman Brzóska - ESA-ESSKA Marek Synder - PTOITR Stanisław Pomianowski - PTOITR Przemysław Lubiatowski - PTBł Marcin Domżański - PTA
[13:30-14:30] ANTERIOR SHOULDER INSTABILITY: ANATOMY AND ETHIOLOGY		Angel Calvo Boris Poberaj
13:30	The anatomy in shoulder instability	Angel Calvo
13:40	Predictor factors in anterior shoulder instability	Boris Poberaj
13:50	Historical outline of anterior shoulder instability treatment	Radovan Mihelic
14:00	Histology and basic sciences for anterior instability treatment	Christiaan van Bergen
14:10	Benign hypermobility joint syndrome, BHJS	Adrian Błasiak
14:20	<i>Discussion</i>	
[14:30-15:20] DIAGNOSIS OF ANTERIOR INSTABILITY - FROM ANAMNESIS TO IMAGING		Paweł Surdziel Miguel Ruiz-Iban
14:30	What we can achieve from anamnesis	Paweł Surdziel
14:40	Anterior instability and sport activities. Prognostic factors for recurrence	Miguel Ruiz-Iban
14:50	MR Imaging - up to date	Katarzyna Kapuścińska
15:00	New directions in grafting technologies – up to date	Antonio Marmotti
15:10	<i>Discussion</i>	
[15:20-16:25] CONSERVATIVE TREATMENT IN ANTERIOR INSTABILITY (INDICATIONS AND TECHNIQUES)		Robert Pełka Maarten van der List
15:20	Scapulothoracic dyskinesia - what is changing in the biomechanics?	Maarten van der List
15:35	First anterior dislocation - when conservative treatment?	Robert Pełka
15:45	Treatment algorithm in TRAUMA CENTERS	Tomasz Pardała, Roman Brzóska
16:05	Is it a place for the conservative treatment in recurrent anterior instability?	Patryk Kłaptocz
16:15	<i>Discussion</i>	
16:25	Coffee Break	
[16:55-19:45] SOFT TISSUE PROCEDURES		Przemysław Lubiatowski Nuno Gomes

2nd BIENNIAL ESSKA-ESA MEETING

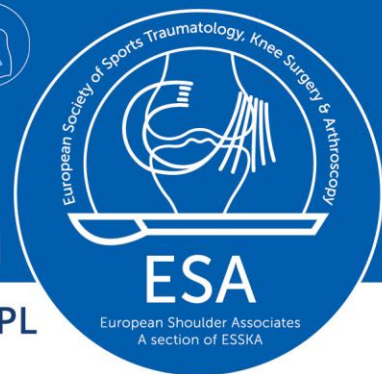

5-7 October 2017

Krakow | Bielsko-Biala, Poland

WWW.ESA2017.PL

Szpital
św. Łukasza

16:55	Soft tissue procedures – indications. My algorithm - from imaging to decision making	Ladislav Kovacic
17:10	Open Bankart procedure - is it still a place for it?	Enrico Gervasi
17:25	Arthroscopic Bankart repair - how it looks today?	Nuno Gomes
17:35	ASA technique - preliminary outcome	Marco Maiotti
17:45	Arthroscopic Bankart repair - what do we know about anterior complex	Sanjay Desai
17:55	BLS - alternative way to anterior instability treatment	Roman Brzóška
18:05	Transsubpectoral tenodesis and labroplasty by LHB graft	Oleg Milenin
18:15	Revisions after soft tissue procedures	Przemysław Lubiawski
18:25	Basic science in the grafting techniques – do we have new possibilities	Laura de Girolamo
18:35	LIVE SURGERY Ia [Bankart repair]	Pietro Randelli
19:05	LIVE SURGERY Ib [Bankart repair]	Antoon Van Raebroeckx
19:35	<i>Discussion</i>	

DAY 2 [06.10.2017]

[8:30-10:25] BONY PROCEDURES IN THE GLENOID FRACTURES		Pascal Gleyze Pietro Randelli
8:30	Algorithm in fresh glenoid fractures - from imaging to decision making	Boris Poberaj
8:40	Glenoid fractures - open techniques	Pascal Gleyze
8:50	Glenoid fractures - Arthroscopic techniques	Adrian Błasiak
9:00	Algorithm in inveterate glenoid fractures	Pietro Randelli
9:10	Glenoid and concomitant humeral head fractures	Bartłomiej Kordasiewicz
9:20	Shoulder joint instability's impact on articular cartilage's injury	Ruslan Sergienko
9:30	LIVE SURGERY II [Bankart + remplissage]	Bruno Toussaint
10:15	<i>Discussion</i>	
10:25	Coffee Break	
[10:45-12:30] BONY PROCEDURES: BONE BLOCK		Tom Ludvigsen Antonio Cartucho
10:45	Chronique posterior instability - how, how long, what it means a "successful treatment"	Antonio Cartucho
10:55	Arthroscopic Bone Block procedure	Ettore Taverna
11:05	Revisions after failed BB procedures, clinical outcome, complications	Ettore Taverna

2nd BIENNIAL ESSKA-ESA MEETING

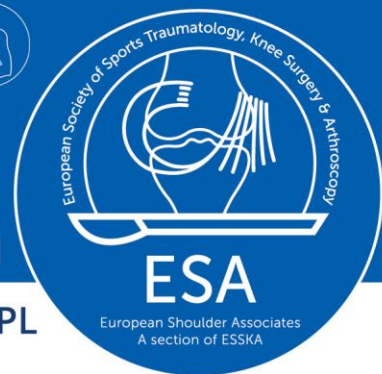

5-7 October 2017

Krakow | Bielsko-Biala, Poland

WWW.ESA2017.PL

Szpital
św. Łukasza

11:15	Bone Block - with or without capsule reconstruction	Tom Ludvigsen
11:25	J graft procedure	Philipp Moroder
11:35	LIVE SURGERY III [Bone block]	Ettore Taverna
12:20	<i>Discussion</i>	
12:30	Lunch Break	
[13:30-14:00] SIDE EVENT: KNOTLESS SOLUTIONS FOR INSTABILITY		
13:30	Knotless solutions for instability	Nuno Gomes
13:45	<i>Discussion</i>	
[14:00-15:40] LATARJET PROCEDURE FOR ANTERIOR INSTABILITY TREATMENT		
14:00	Open Latarjet procedure	Enrico Gervasi
14:10	Open Latarjet - Clinical outcome, complications, revisions	Claudio Rosso
14:20	Arthroscopic Latarjet - Clinical outcome, complications, revisions	Roman Brzóška Bartłomiej Kordasiewicz
14:35	Shoulder girdle biomechanics after Latarjet	Marcin Domżański
14:45	LIVE SURGERY IV [Arthro/Latarjet]	Viktoras Jermolajevs
15:30	<i>Discussion</i>	
[15:40-17:05] HILL SACHS FRACTURES - TREATMENT OPTIONS		
		Giuseppe Milano Bruno Toussaint
15:40	Bony defects: glenoid and humeral side - on track/off track concept	Giuseppe Milano
15:50	Remplissage - indications and surgical technique	Bruno Toussaint
16:00	Outcome of segmental reconstruction of large HS lesion	Hubert Laprus
16:10	LIVE SURGERY V [Hill Sachs autologus graft + Remplissage]	Roman Brzóška
16:55	<i>Discussion</i>	
17:05	Coffee Break	
17:20	LIVE SURGERY VI [BLS]	Roman Brzóška
18:05	<i>Discussion - take home messages</i>	

DAY 3 [07.10.2017]

[8:30-9:00] POSTERIOR INSTABILITY		Mustafa Karahan Ladislav Kovacic
8:30	Influencing factors posterior instability	Robert Peřka
8:40	History of posterior instability treatment	Etienne Lejeune

2nd BIENNIAL ESSKA-ESA MEETING

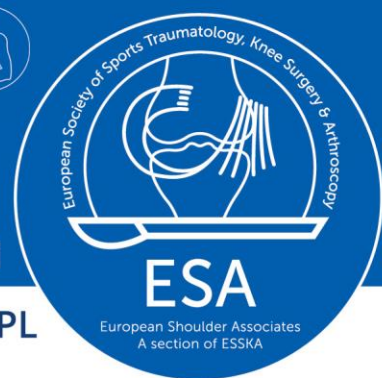

5-7 October 2017

Krakow | Bielsko-Biala, Poland

WWW.ESA2017.PL

Szpital
św. Łukasza

8:50	<i>Discussion</i>	
[9:00-9:30] POSTERIOR INSTABILITY - DIAGNOSTIC PROCESS		Mustafa Karahan Ladislav Kovacic
9:00	Traumatic vs voluntary posterior instability - diagnostic process	Antoon Van Raebroeckx
9:10	Posterior instability and sport activities	Ladislav Kovacic
9:20	<i>Discussion</i>	
[9:30-10:20] POSTERIOR INSTABILITY - WHEN WE CAN TREAT IT CONSERVATIVELY		Mustafa Karahan Ladislav Kovacic
9:30	Scapulothoracic dyskinesia in the posterior instability - what is changing in the biomechanics	Maarten van der List
9:40	First posterior dislocation - when conservative treatment	Paweł Surdziel
9:50	The shoulder peacemaker for treatment of functional shoulder instability	Philipp Moroder
10:00	Open Bone Block procedure - my algorithm	Mustafa Karahan
10:10	<i>Discussion</i>	
10:20	Coffee Break	
[10:50-11:50] POSTERIOR INSTABILITY - SOFT TISSUE PROCEDURES		Adrian Błasiak Angel Calvo
10:50	Indications for the soft tissue procedures. My algorithm - from the clinical exam, through imaging to decision making	Ladislav Kovacic
11:00	Open posterior Bankart - does it still exist? Posterior labrum repair - up to date	Nuno Gomes
11:10	Arthroscopic treatment of posterior instability - clinical outcome, complications, revisions	Angel Calvo
11:20	RHAGL lesion - open or arthroscopic?	Adrian Błasiak
11:30	Revisions after failed posterior instability - case presentation	Adrian Błasiak
11:40	<i>Discussion</i>	
[11:50-12:30] POSTERIOR INSTABILITY - BONY PROCEDURES		Adrian Błasiak Angel Calvo
11:50	Posterior BB - when to make the decision?	Ettore Taverna
12:00	Posterior BB open vs arthroscopic	Paolo Avanzi
12:10	Glenoid osteotomy - when and how? Clinical outcome, complications, revisions after failed posterior bony procedures	Bartłomiej Kordasiewicz
12:20	<i>Discussion</i>	
[12:30-13:45] MULTIDIRECTIONAL INSTABILITY: ANATOMY AND ETHIOLOGY		Radovan Mihelic Sanjay Desai
12:30	Anatomy in MDI	Giuseppe Milano

2nd BIENNIAL ESSKA-ESA MEETING

5-7 October 2017

Krakow | Bielsko-Biala, Poland

WWW.ESA2017.PL

Szpital
św. Łukasza

12:40	Hyperlaxity and MDI	Radovan Mihelic
12:50	Indication for the conservative treatment	Sanjay Desai
13:00	Indication for the operative treatment	Przemysław Lubiowski
13:10	Surgical treatment in MDI - techniques review	Wojciech Solecki
13:20	Cases discussions	ALL
13:30	Closing discussion	
13:45	Lunch
